

THE OXFORD BEARS.
THE DOINGS OF THE WEEK IN ALL SECTIONS OF THE COUNTY.
Paris Hill
The State Department of Health has notified the Paris Hill Water Company that the water is up to the standard of purity for drinking purposes. The company has been notified that the water is up to the standard of purity for drinking purposes. The company has been notified that the water is up to the standard of purity for drinking purposes.

West Paris
Mrs. Margie A. Watson suffered a very serious accident Tuesday afternoon when she fell and broke both bones of her hip. Mrs. Watson was called by her husband, Mr. Watson, who was at the house of Mr. Watson. Mrs. Watson was called by her husband, Mr. Watson, who was at the house of Mr. Watson.

Buckfield
World Wide Guiton Monday evening at the home of Mrs. Dot Record. The home of Mrs. Dot Record. The home of Mrs. Dot Record. The home of Mrs. Dot Record.

Rural Carrier Examination.
The United States Civil Service Commission announced an examination to be held at South Paris, Maine, on March 15, 1924, to fill the position of Rural Carrier in the South Paris, Maine, post office.

OLD BANK MYSTERY CLEARED
Savings Deposit Made Over Thirty Years Ago Claimed at Last by Owner.
Many a tale of mystery and romance is written in the pages of a bank book. The true story of a depositor of the Lyman Institution for Savings:

have a most excellent reputation as custom tailors. We have the new spring samples here to show you, and we would certainly enjoy the privilege of showing them to you. We would like to tell you about their world wide reputation as the largest manufacturers of men's clothing in the world, of their absolute guarantee of perfect satisfaction to the customer, of their up to the minute styles and fabrics.

We are Closing Out the remainder of our Hart, Schaffner & Marx Clothcraft overcoats at reduced prices. Would it not be wise to replace the old overcoat at this time for a new one. You will save money at the same time.

The Valentine is never forgotten. It is a memory that stays with you. It is a memory that stays with you. It is a memory that stays with you.

In 1923, 15,321,153 motor vehicles were registered in the United States, which was 2,933,721 more than were registered in 1922. This is a car to every seven people. Ten years ago there was only one car to every seventy people. The increase of cars registered in 1923 over 1922 was 25.6 per cent. There were 4,014,000 new cars made during 1923, which was almost double the number made in 1922. A car is being made every 1.5 seconds. New York state has more cars than any other state, 1,214,000. California has 1,055,000 cars. This state has the largest number per capita of any in the union—over 5.2 persons. Ohio and Pennsylvania each have more than a million cars. New York has 1,214,000, and the second 1,055,000. The number of cars being made in 1923 is about 4,000,000. The number of cars in the world is about 100,000,000. The number of cars in the world is about 100,000,000.

There has been an estimate to be a horse shortage not only in Oxford County and State of Maine but the entire country. Not only does this apply to humans but extends to other animals, it would seem; anyway—

Thank Prohibition.
(Roger W. Babson to the City Editor.)
The great improvement in business which followed the war was largely the result of the prohibition of alcohol and the salvage of our former waste of \$2,000,000,000 or more each year due to the liquor traffic. It is no exaggeration to say that the prohibition of alcohol has saved the nation from bankruptcy.
